

## PET GUIDELINES

When vacationing with your pet, the owner is obligated to follow the rules below:

- You cannot disturb public order, other vacationers or other animals while vacationing with your pet.
- The pet cannot be left unsupervised in the hotel or its surrounding areas unless it is placed in a designated escape-proof cage or transport device.
- Follow sanitary and hygiene guidelines, including immediately cleaning any areas that your pet has soiled.
- We request you do not dry your pets with the towels in the hotel room. Bring your own towel to dry your pet.
- The pet owner is obligated to have their pet vaccinated for rabies by the designated time determined by a vet.
- The pet owner is responsible for all unexpected consequences including damages caused to the hotel property by an unsupervised pet and is obligated to pay a bill from the hotel for the damages caused.
- Dogs must be leashed while in public areas.
- Well-behaving and obedient dogs are welcome in the hotel restaurant if they follow their owner's commands and lay by the table near their family. The server will bring a water bowl for the guest's dog.
